

*Prayers of the Faithful: Intentions in Support of Healthy Teen Relationships*

For teenagers in violent or controlling relationships. May they find in our parish the role models of kindness, care, and love that will show them how to recognize a healthy and whole relationship.

That teenagers may feel the love of Christ in their friendships, relationships, and through their families.

That St. Aloysius Gonzaga, patron saint of teenagers, may intercede on behalf of all teenagers in the joys and challenges of their everyday life.

For all parents, that they may be a model of peace and hope for their children.

For school teachers who work closely with teenagers, may they have the strength and courage to speak about the importance of healthy relationships in their classrooms and be a source of comfort for teens who need someone to confide in.
