OCTOBER IS DOMESTIC VIOLENCE AWARENESS MONTH. Catholics for Family Peace offers you this Media Resource Kit to enhance your efforts to address domestic abuse and violence and to promote family peace.

Catholics For Family Peace Education and Research Initiative is part of the National Catholic School of Social Service’s Consortium for Catholic Social Teaching at The Catholic University of America.

We aim to inform the Catholic community on ways to promote family peace and to prevent and respond to domestic abuse and to provide resources and promote prayer for all families. Our initiative provides education, resources, and research that help pastoral leaders, clergy, and parishioners recognize domestic abuse and respond with compassion. KNOW THE FACTS. Domestic abuse and violence refers to a pattern of violent and coercive behavior exercised by one adult in an intimate relationship over another. It is not a private family matter.

Domestic violence, also known as intimate partner violence (IPV) is defined by the Centers for Disease Control as a serious, preventable public health problem that affects millions of Americans. It refers to the physical, sexual, or psychological harm by a current or former partner or spouse and does include teen dating relationships.

A statistic from the Bureau of Justice indicates that from 1994 to 2010, about 4 in 5 victims of intimate partner violence were female. Domestic violence affects the whole family, including any children. Faith communities are called to offer hope, help, and healing to all harmed by domestic abuse and violence.

WHAT CAN I DO TO BE HELPFUL IF AN ABUSIVE SITUATION IS REVEALED?

• Listen, Believe, and Refer. Share that the abuse is not God’s will. Say that help is available 24/7 at the National Domestic Violence Hotline (1-800-799-SAFE (7233) or at www.ndvh.org.

• Let her know that without intervention, abuse often escalates in frequency and severity over time.

• Seek expert assistance by calling the NDVH. Refer her only to specialized domestic violence counseling programs, not to couples counseling.

• If possible, encourage the abusive person to seek help. Attending an appropriate 12 step recovery group has been a source of recovery for many people.
